------------	---

Trisled's MAXI range will let you carry it, promote it, sell it, move it or simply park it in ways you never thought possible with a bicycle.

Featuring Trisled's simple and durable design combined with high quality Australian manufacturing, MAXI will help you build a pedal-powered empire or just get the kids to school in style.

If your life or business changes, MAXI will change with you. In just a few minutes with a couple of tools the MAXI front end can transform into at least five different load carrying vehicles, giving you flexibility and choice.

We've tried to think of everything, but if you think MAXI can do more, make it your own with a fully-customised back end built by you or the Trisled team.

#### BUILT WITH PASSION:

The MAXI Range is built at our factory on the Mornington Peninsula. You can rest easy knowing that this high-quality Australian-made product won't let you or your clients down.

## MAXI Van

If you need a van but love riding a bike then MAXI Van is pure pleasure at the front and business at the back. Featuring a fully enclosed van-like back end, MAXI Van gives you security, weather protection and loads of flexible and customisable storage space. When you're not doing business with MAXI Van you can park it on the street for eye-catching promotion. The large aluminium walls will take paint, stickers or vinyl-wrap advertising materials. For innovative businesses, the opportunities are endless. Coffee carts, food vendors and delivery services are just some of the businesses we've thought of that could benefit from a MAXI Van. We're sure you'll have other ideas!

CARRIAGE: 1300 x 850 x 850 (INTERNAL DIMENSIONS); POWDER-COATED ALUMINIUM WITH LOCKABLE REAR DOOR; GAS STRUT OPENING  
PRICE: AU\$5400

## MAXI Taxi

Taking the traditional rickshaw concept to its most practical end, MAXI Taxi is a modern take on an age-old transport solution. This pedicab carries two adult passengers in a comfortable and roomy carriage and features a lift-up seat for convenient luggage stowage. MAXI Taxi can be easily adapted to carry advertising billboards or signs on all areas of the aluminium carriage. Trisled's front end drive steering geometry makes this rickshaw one of the most manoeuvrable on the market, allowing riders to navigate tight spaces and city streets. Trisled MAXI Taxis are also available for hire.

CARRIAGE: ALUMINIUM; HINGING SEAT WITH STORAGE SPACE  
PRICE: AU\$4900

## MAXI Flatty

If a flat-bed truck and a bicycle were to have a love child, we're pretty sure MAXI Flatty would be it! This bike's load-carrying capacity is limited to what you can safely tie down on it. So far we've tried couches, furniture, building materials and kegs of beer.

CARRIAGE: 1020 STEEL CHASSIS; 2MM ALLOY CHECKPLATE FLOOR  
PRICE: AU\$3550

## MAXI Ute

Combine the tradesman's ute with a commuter bicycle, add a sprinkling of wheelbarrow and you get the MAXI Ute — a heavy-duty all-rounder for those who want to carry stuff on a bike. Like other utility vehicles, the MAXI Ute has folding walls that allow you to easily unload your cargo. Fill the back tray with mulch, plants, groceries, equipment or train your pet to ride in the back. MAXI Ute is suitable for a range of commercial and farming applications.

CARRIAGE: 900 X 900 X 250MM; POWDER-COATED ALUMINIUM; HINGING TAILGATE  
PRICE: AU\$4900

## MAXI Media

This super-stylish human-powered promotional vehicle is bound to bring a smile and a breath of fresh air to your potential clients. MAXI Media will associate your brand with fun, health, and environmental responsibility, and it will get your message heard in places where other vehicles can't. Whether you want to park it on a street corner or navigate around tight corners, MAXI Media will take your message to crowded areas, laneways, city streets, event sites and parks. A large multimedia snap frame allows you to easily mount advertising and promotional posters.

CARRIAGE: 1800MM X 1200MM MEDIA SNAP FRAME  
PRICE: AU\$4400

## MAXI Me

Still haven't found what you're looking for? The MAXI front end can take almost any back end you can dream of. Talk to us about your application needs and we'll design a custom end to suit, or if you want to design and build your own, we can help at any stage of the process. Either way you'll get the best of both worlds: the flexibility of a MAXI that is all yours combined with MAXI's versatility, manoeuvrability and smooth riding.

CARRIAGE: YOU CHOOSE  
PRICE: \$2900 (FRONT END) + CARRIAGE
