BUILT WITH PASSION:

All Trisled racing vehicles are built at our factory on the Mornington Peninsula by people that race HPVs. New models are tested by our racing team for 6-12 months before we release them to ensure reliability, durability and performance.

IMPORTANT INFORMATION:

FastBack is a racing HPV and is not suitable for road use. Scrutineering requirements for this vehicle differ between races and are subject to change. While Trisled makes every effort to ensure that our racing models are compliant with Australian HPV racing regulations, we cannot guarantee that our machines will meet scrutineering requirements. All Trisled racing vehicles are built at our factory on the Mornington Peninsula by people who race HPV's. New models are tested by our racing team for 6-12, months before we release them to ensure reliability, durability and performance. "Trisled" is a registered Trademark in Australia owned by Ben's Big Ideas Pty Ltd. © 2016 Ben's Big Ideas Pty Ltd trading as Trisled. All rights reserved.

FastBack is a tried and tested design which Trisled has been racing and manufacturing since our inception.

This means your racing team gets to benefit from years of incremental improvements and durability updates, whilst experiencing a dependable and stable ride.

We offer FastBack as a complete trike with roll-bars and a fairing kit which your team assembles. This gives your team involvement in building your own racing HPV, whilst ensuring you have a reliable and competitive vehicle.

FastBack suits a range of riders at differing abilities.
